Bacolod City, Philippines, 6100

PROFESSIONAL SUMMARY

A Dedicated Full Stack Developer with hands-on experience in designing and maintaining end-to-end systems. Skilled in a modern tech stack including React, Next.js, TypeScript, Django, Node.js, and PostgreSQL, focusing on building robust software solutions.

EXPERIENCE

Department of Human Settlements and Urban Development

Feb 2026 – April 2026

Full Stack Developer – On-the-Job Training

Bacolod City

- Engineered the full-stack HREDRD Monitoring System utilizing React, Django, and PostgreSQL, automating manual registry processes and centralizing regulatory workflows for the local property market.
- Integrated secure cloud-storage solutions into the application's backend architecture, streamlining the submission and evaluation of critical regulatory files, including subdivision plans and Licenses to Sell.
- Designed scalable database structures to effectively track developer information, enhancing the division's capability to efficiently monitor industry compliance and enforce consumer protection standards.

City of Smiles Developer

Jan 2026 – Feb 2026

Metro Bacolod Connect

Bacolod City

- Co-Developed the primary frontend interface and landing page for a real estate marketplace platform, successfully creating a streamlined portal to connect users with verified, licensed property professionals.
- Architected and deployed the platform's backend infrastructure utilizing Firebase, establishing a secure, scalable foundation for database management and real-time data synchronization.
- Engineered robust backend media workflows by integrating the Cloudinary API, streamlining the image upload process for property listings while optimizing asset delivery and overall server performance.

STI West Negros University

June 2025

Data Encoder

Bacolod City

- Managed and encoded high volumes of student records into the university's centralized information system, ensuring strict data integrity and maintaining accurate academic databases.
- Facilitated the digital enrollment and registration workflows through rapid and precise data entry, significantly reducing administrative bottlenecks during peak academic periods.
- Processed and verified sensitive student data in compliance with university privacy protocols, successfully streamlining the records management process with zero data compromises.

EDUCATION

STI West Negros University

June 2026

Bachelor of Science in Computer Science

Bacolod City

Dr. Vicente F. Gustilo Memorial National High School

July 2022

Senior High School

Cadiz City

CERTIFICATIONS & SKILLS

- Skills:** Next.js, React.js, Vite, Typescript, Django, Node.js, Firebase, PostgreSQL, MySQL, Git, Figma, Microsoft 365
- Certifications:** DevFest Bacolod, Mind Over Machine: Exploring AI and Machine Learning, From Sketch to Screen: Exploring Techniques For A Web Design
